- ❖ Renovations and remodeling required to pamper your pets in the safest of environments will begin as soon as loan is obtained.

Updated October 8 2014

The October hearing saw no action as the board did not have a quorum. A vote has been postponed until the November meeting. We can only hope that the full board will be in attendance so this can be resolved. Check back in November for updates. Thanks for your support.

Please check back for continuous updates.
